

Christian Athletic League

Fallball Junior Division Parent Agreement (6 Year Old Player Waiver)

In the spirit of fairness and creating a positive experience for the older players in the Junior Division, we require the following:

If your child is 6 years old and has less than 2 years of experience as a member of a team in CAL or another youth baseball league, you **MUST** volunteer to help coach your child's team. Your involvement will ensure that your child will receive one-on-one help in the areas where he/she is less experienced, allowing the team manager and the older children on the team to proceed at a more advanced pace and level of play. **A Live Scan background check is required.**

If your 6 year old has 2 or more years of prior experience but shows signs of struggling to play at a farm level during the fallball season, you will be required to step in and assist in coaching him/her. **A Live Scan background check is required.**

All 6 year old players must have a parent or guardian present during all practices and games. No drop offs are allowed.

All managers and coaches and team parents are required to be Live Scanned for the league. This means you must undergo a background check through the FBI and DOJ.

I have read, understand, and agree with the above terms.

Please check one:

My child has: 2 or more years of experience _____ OR Less than 2 years of experience _____

Parent Signature
